**Campus Safety and Security Report
Including Emergency Preparedness Guidelines**

A Shared Commitment to a Safe School

Thank you for taking the time to review this year's annual crime report. This report will provide you with important information about safety both on and off campus. When you review the statistics, you will notice that NPTI Tampa is a relatively safe campus, which is due to the collaborative efforts of our staff, faculty and students.

As in any neighborhood, it is important that all students, faculty and staff realize that they should take every possible precaution to prevent assault and crime against themselves and others. The administration of NPTI Tampa recognizes that our campus is a part of the community, and we experience the risks and threats of society as a whole.

NPTI Tampa has established programs and systems involving personnel and procedural methods, in order to provide as safe and secure an environment on campus as possible. The school provides information and assistance on self-protection to students. However, each individual must also take action to utilize those crime prevention techniques that can help lessen their vulnerability to crime.

The information provided in this annual report is designed to inform, advise and alert campus occupants about NPTI Tampa's policies and procedures on crime awareness and reporting. As members of the school community, each of us has a role in keeping our campus safe.

NPTI Tampa asks that all students, staff members and employees immediately report any suspicious individuals or activity.

Regardless of your association with the school, please feel free to directly contact me with any questions, concerns, or comments.

Pat Sherman
President

The National Personal Training Institute of Tampa provides campus safety and security information for its school via this report. This information is provided in accordance with the Clery Act, the Jeanne Clery Disclosure of Campus Security Policy, and Campus Crime Statistics Act.

The Jeanne Clery Act requires the University to gather statistical data on specific offenses that occur in specific geographical areas. Attempts are classified as offenses. These offenses are:

A. Criminal Homicide

1. Murder and Non-negligent manslaughter
2. Negligent manslaughter

B. Sex Assault

1. Rape
2. Fondling
3. Incest
4. Statutory Rape

C. Robbery

D. Aggravated Assault

E. Burglary

F. Motor Vehicle Theft

G. Arson

H. Domestic Violence

I. Dating Violence

J. Stalking

The school must also report statistics for the following categories of arrests or referrals for disciplinary action (if an arrest was not made):

A. Liquor Law Violations

B. Drug Law Violations

C. Illegal Weapons Possession

Hate crimes must be reported by category of prejudice, including race, gender, religion, sexual orientation, ethnicity, national origin, gender identity, and disability. Statistics are also required for four additional crime categories if the crime committed is classified as a hate crime:

A. Larceny/Theft

B. Simple Assault

C. Intimidation

D. Destruction/Damage/Vandalism of Property

In addition, the school must report the location of each of the offenses listed above. The Clery Act geographical reporting definitions are:

A. Campus:

1. Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institutions educational purposes, including residence halls; and
2. Any building or property that is within or reasonably contiguous to the area identified in paragraph (a) of this definition, that is owned by the institution but controlled by another person, is frequently used by students, and supports institutional purposes (such as a food or other retail vendor).

B. Non-Campus Building or Property

1. Any building or property owned or controlled by a student organization that is officially recognized by the institution; or
2. Any building or property owned or controlled by an institution that is used in direct support of, or in relation, to, the institution's educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.

C. Public Property All public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus, or immediately adjacent to and accessible from the campus.

This report includes statistics for the previous three years, concerning reported crimes that occurred on-campus and on public property within or immediately adjacent to and accessible from the campuses. The report also includes institutional policies concerning campus security and safety. The data was collected from the Winter Park Police Department, as well as from internal school records by the school director. NPTI-Tampa does not employ security personnel, but all on-site staff may be considered campus security authorities.

The NPTI Tampa Crime Report is distributed to students, faculty and staff via <https://nptiflorida.edu/admissions>

A copy of the report may also be obtained by contacting the school director.

Annual Fire Safety Report and Missing Student Policy

NPTI Tampa is a nonresidential institution of higher education. Therefore, NPTI Tampa is not required to maintain a fire safety report or to have a missing student policy.

Crime Prevention and Safety Initiatives

NPTI Tampa students and staff must assume responsibility for their own personal safety and the security of their personal property. The following precautions help provide guidance:

- Avoid walking alone at night
- Carry only small amounts of cash
- Never leave valuables unattended
- Check the back seats of your car before you get in
- Never take personal safety and security for granted
- Close windows and lock doors when leaving your car
- Keep a record of serial numbers for laptops, electronic devices, etc.
- Report all suspicious activity to an NPTI Tampa staff member immediately
- Do not leave valuables in your car, especially if they can be easily noticed

Crime Alert Notices

A crime alert may be issued by the school director to assist in gathering information, to inform the campus community of criminal or suspicious activity or crime trends and to facilitate crime prevention. They are distributed to the campus community via group email.

Timely Warnings

When the school director or his/her designee, in conjunction with the Hillsborough County Police Department, determine that a crime represents a serious or continuing threat to students and employees, a crime alert will be sent to students and staff.

The Clery Act requires NPTI Tampa to issue timely warnings for serious crimes such as murder, robbery, aggravated assault, burglary, motor vehicle theft, rape and certain hate crimes if the crime occurred on campus, on property owned or controlled by the school or on public property that is immediately adjacent to campus.

The school director or his/her designate will determine on a case by case basis whether a timely warning will be issued via a crime alert. Timely warnings will generally contain the following information:

- Suspect(s)
- Date and time of issue
- Location of the incident
- Specific safety response
- Date and time of the incident
- Type of criminal activity reported
- A brief description of the offense
- Police and emergency telephone numbers

Emergency Notification

An emergency notification is different than a timely warning or crime alert. Emergency notifications will be issued immediately upon confirmation that any significant emergency or dangerous situation exists that involves the immediate threat to the health or safety of students or employees on campus. An emergency notification will be issued via email. Emergency notifications are typically more immediate, shorter and contain less information than timely warnings due to the fast-evolving nature of emergency situations. Updates or follow-ups to emergency notifications will be given as necessary when information becomes available. An emergency notification may also serve as a timely warning depending on the circumstances and the information available.

NPTI Tampa will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or otherwise mitigate the emergency.

Emergency Response and Evacuation Procedures

The following procedures are utilized when the school director or other designated campus security authority is notified about a potentially serious situation that affects the NPTI Tampa campus, its students or its faculty and staff:

- Perceived fire, medical or criminal activity
 - Call emergency response at 911
- Minor medical situations
 - Handle in the manner deemed most appropriate by the first responder. First Aid kits are located in the Director's office, if required.
- Other non-specified emergencies not automatically requiring a call to 911 (electrical issues, gas leaks etc.)
 - The security authority will contact the appropriate agency and the school director.

All incidents should be reported to the school director as soon as possible. Employees or students who are injured at NPTI Tampa are required to report the injury to the school director within 24 hours of the occurrence.

The school director or his/her designee will send an "All Clear" message when the situation is over, if applicable. Information will not be shared with the campus community when the Winter Park Police Department, in conjunction with the school director or designee, determine that doing so would compromise the efforts of assisting those in peril.

Additional means of providing on-going information concerning a potential life safety situation and its resolution include:

- Local Media
- Emails to students, faculty and staff at the involved campuses
- Communication with the Winter Park Police Department

The veracity of student email addresses is confirmed and tested during a student's enrollment through the review of initial student enrollment paperwork and via on-going e-mails sent to all students.

Evacuation Plan

Evacuation routes and directional equipment are provided in accordance with any existing local fire and city ordinances and all personnel are instructed to become familiar with them at new students or staff orientations. In the case of an evacuation:

- Exit through the door nearest you
- Meet at the south end of the parking lot
- Staff in attendance will determine if all have safely evacuated the building.
- Report the situation to the school or on-site director who will then coordinate with emergency response units

Emergency Procedures - Lockdown Procedures

If there is a need to restrict access to a specific area on the campus as a precaution or a protective measure, please follow these steps:

- Remain calm and communicate with others in a clear and concise manner. Tell others exactly what the situation is and what you need them to do.
- Faculty, Staff or Management personnel will lock all the exterior doors to the building. Remain in classrooms or offices. If you are in a common area, stay away from windows and all doors (solid and glass).
- Do not allow access once the doors are locked, as this will compromise the safety of those inside. Do not allow anyone to talk their way inside, as they may be the suspect or they are being coerced by the suspect, outside of your view.
- Wait for further instructions and do not allow anyone to leave until NPTI Management personnel or other Emergency Responders releases the building/give an "ALL CLEAR" signal or message.

Individuals, who may be on the outside of buildings during a lockout of all campus buildings, should move away from the affected area (indicated by the presence of emergency personnel and equipment).

Hurricane Plan

In the event a hurricane threatens the Tampa area, NPTI's Management Personnel will activate the Hurricane Plan. Based upon a storm's intensity and predicted point of landfall, NPTI will decide about the cancellation of classes and whether students will be permitted to remain on campus or be ordered to evacuate.

In most cases, NPTI Tampa will align with Hillsborough County Public Schools in determining the need to close the campus during a hurricane and when the school will reopen once the hurricane has passed. Students will be notified by text and email for all emergencies. Up to date information will also be posted on the NPTI Florida Facebook Page.

Key Terms and Definitions

Consent – means intelligent, knowing, and voluntary consent and does not include coerced submission. Consent shall not be deemed or construed to mean the failure by the alleged victim to offer physical resistance to the offender. Effective consent is the basis of the analysis applied to unwelcome sexual contact. Lack of consent is the critical factor in any incident of sexual misconduct. NPTI Tampa further defines "Consent" to mean:

- Consent is informed, freely and actively given and requires clear communication between all persons involved in the sexual encounter.
- Consent is active, not passive. Consent can be communicated verbally or by actions. But in whatever way consent is communicated, it must be mutually understandable. Silence, in and of itself, cannot be interpreted as consent.
- It is the responsibility of the initiator of sexual contact to make sure they understand fully what the person with whom they are involved wants and does not want sexually.
- Consent to one form of sexual activity does not imply consent to other forms of sexual activity.
- Previous relationships or consent does not imply consent to future sexual acts.
- Consent cannot be procured by use of physical force, compelling threats, intimidating behavior, or coercion. Coercion is unreasonable pressure for sexual activity. Coercive behavior differs from seductive behavior based on the type of pressure someone uses to get consent from another.
- Effective consent cannot be given by minors, mentally disabled individuals or person's incapacitated as a result of drugs or alcohol.
- If you have sexual activity with someone you know to be, or should know to be, mentally or physically incapacitated (by alcohol or other drug use, unconsciousness or blackout), you are in violation of this policy.

- Incapacitation is a state where one cannot make a rational, reasonable decision because they lack the ability to understand the who, what, when, where, why or how of their sexual interaction.
- This policy also covers someone whose incapacity results from mental disability, sleep, involuntary physical restraint, or from the taking of a so called “date rape” drug. Possession, use and/or distribution of any of these substances, including but not limited to Rohypnol, Ketamine, GHB, Burundanga, etc. is prohibited, and administering one of these drugs to another person for the purpose of inducing incapacity is a violation of this policy and applicable state laws.

Dating Violence – means violence between individuals who have or have had a continuing and significant relationship of a romantic or intimate nature.

Domestic Violence – means any assault, aggravated assault, battery, aggravated battery, sexual assault, sexual battery, stalking, aggravated stalking, kidnapping, false imprisonment, or any criminal offense resulting in physical injury or death of one family or household member by another family or household member.

Sexual Assault - means an offense classified as a forcible or non-forcible sex offense as defined under the Federal Bureau of Investigation’s Uniform Crime Reporting Program. It includes any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent.

Stalking – according to the Violence Against Women Act (VAWA), stalking means “engaging in a course of conduct directed at a specific person that would cause a reasonable person to:

- fear for his or her safety or the safety of others; or
- suffer substantial emotional distress.

Various courts have ruled that inappropriate Facebook or Twitter posts may be considered cyberstalking.
